Response to Arguments

Applicant's arguments filed June 26, 2006 concerning the previous rejection and allowability of the claims have been fully considered and are persuasive.

Applicant arguments concerning the finality of the previous office action have been considered but they are not persuasive. Applicant argued that the previous office action should not have been final because new claim objections were present. However, according to MPEP 706.07(a), a second or subsequent action may be made final if no new ground of rejection is present. Because only a new claim objection was present, the office action was properly made final.

Allowable Subject Matter

Claims 4, 5, 11-13, 16-28, 33-34, 39-42, 45-57, 62-63, 66-67, 70, 72-78, 83-84 and 87-96 are allowed (renumbered as 1-7, 9-11, 8, 12-23, 25, 28-35, 27, 24, 26, 36-42, 48-49, 43-47 and 50-61, respectively).
